What We Offer

Our Developmental Childcare Program addresses San Antonio's need for early childhood education, catering specifically to children with disabilities and complex medical conditions.

As a Head Start center, our program places a strong emphasis on kindergarten readiness, a proven factor in long-term educational success. We are Texas School Ready certified and hold a four-star Texas Rising Star Provider rating, the program's highest level.

Families enrolled in the program receive more than education — we provide free essentials such as diapers, formula, classroom supplies, hot meals and snacks, and even seasonal clothing to ensure every child is supported.

- Seizure Disorder
- Traumatic Brain Injury
- Spina Bifida

What Parents Say

Dominique ★★★★★

""I am so blessed that my mother and I found this facility for both of my kids. Ms Melissa is so patient and caring to my son. The staff in the baby room is so loving to my daughter. I recommend this place to all families out there. All staff is amazing and knowledgeable when me or my mother have questions regarding to my kids. Thank you to all staff for your hard work"

Carrie ★★★★★

"The amount of love and special care my daughter receives from every person at Respite Care San Antonio is truly heartwarming. I was so scared to enroll her at just 8 weeks old, but I didn't have another option at the time. Knowing what I know now, I would make that same decision over and over again without hesitation."
